DD/ST# 325-9-68/1

22 August 1968

MEMORANDUM FOR: Deputy Director for Science and Technology

Carl:

25X1A

Your [REDACTED] proposal (Attachment A) was submitted to me today immediately upon my return from leave and I have approved it. I was, of course, disappointed to learn that we have here still another DD/S&T contract renewal submitted considerably after expiration of current authorizations. I was pleased, however, that you had already taken the necessary action to minimize the chances of a repetition of this or a similar incident.

25X1A

I was impressed by the complete lack in your proposal of any current evaluation of the Project or substantive support for its continuation. I realize that we are all generally familiar with [REDACTED] and perhaps this was assumed to be unnecessary. As a matter of practice, however, you should provide the kind of evaluation which PPB supplied (Attachment B). I understand that this paper was prepared in cooperation with DD/S&T components. It is this kind of paper which I feel should be an integral part of your project renewal submissions.

/s/ L. K. White
